Ms. Sandra Stanley  
Administrative Officer  
Guam Public Library System  
254 Martyr Street  
Hagatna, GU 96910-5141

Dear Ms. Stanley:

I'd like to take this opportunity to congratulate you on the submission of your Five-Year Plan (FY 2013-FY 2017). We are all aware that economic changes are causing reductions in all sources of public (federal, state, local) funding for libraries while public demands for library services are increasing. Your plan outlines how Guam intends to fill the gaps by providing workforce services, afterschool programming, electronic resources, and broadband access.

With built infrastructure in nearly every community in the nation and dedicated, knowledgeable staff, I believe that State Library Administrative Agencies and their partners are positioned to connect people to one another and to the full spectrum of human experience. Your Plan demonstrates a commitment to embrace new service opportunities as changing information delivery services, platforms, and information policies create new challenges in providing critical materials, both print and digital, that are the foundation for all other services.

Most importantly, your Plan documents the need for and impact of LSTA funds in the communities you serve. It is an excellent framework for the future, and it is approved for the full five-year period.

Thank you for working with IMLS throughout this process. It is my hope that this plan will lead to an excellent evaluation five years from now. Until then, I look forward to tracking your progress and to our continued work together.

Sincerely,

Susan H. Hildreth  
Director

## Overview

The Guam Public Library System (GPLS), a division of the Department of Chamorro Affairs conducted an assessment in February of 2012 of library services and needs of the island residents. The assessment was done in collaboration with the Government of Guam Department of Administration, and the Guam Library Association using patron surveys and staff input. Four needs were identified which are consistent with the purpose of the Library Services and Technology Act (LSTA). The four needs form the basis for our Five-Year Plan:

1. **Staff development.** GPLS employs twenty-five (25) employees, including Library Technicians, an Administrative Support Unit, Maintenance Unit, and a Bookmobile Driver. The GPLS does not currently employ a professionally qualified Library Director. All GPLS staff needs training in areas of new and innovative library operations and procedures. Professional development for staff will enhance overall operations, procedures, and customer service bringing GPLS into the 21st century; due to insufficient local funding GPLS has had limited funding to support training for GPLS employees.
2. **Marketing.** GPLS serves a very diverse community comprised of a population base representing different cultures from the region, including the Commonwealth of the Northern Mariana Islands (CNMI), the Federated States of Micronesia (comprised of Chuuk, Kosrae, Pohnpei, and Yap) Japan, Korea, the Philippines, the Republic of Palau, the Republic of the Marshall Islands, and other immigrants. An anticipated increase in library patrons due to an impending military build-up will affect our services. GPLS has one Program Coordinator who plans, oversees, and handles all literacy programs and programs for the elderly. The current Program Coordinator I is needed to continue to develop children's literacy programs, and develop more creative ways to market GPLS as a whole to better inform all island residents of the many services GPLS has to offer.
3. **Assistive technology.** GPLS lacks the necessary assistive technology equipment to serve special needs patrons. Expanding GPLS' assistive technology equipment will benefit and potentially increase service to patrons with special needs, diverse families, underserved individuals, and the elderly of Guam.
4. **Information technology upgrades.** GPLS needs to replace older, outdated computers (desktops, workstations, and laptops). Hardware, software, and technology upgrades will increase staff efficiency and streamline patron services.

## **Mission**

**Guam Public Library System will provide free and open access to information and ideas fundamental to a democracy to every resident of Guam, and will protect intellectual freedom, promote literacy, encourage lifelong learning, and maintain cultural materials.**

### **Need #1: Improve library services to patrons by providing GPLS employees adequate training in the field of library operations, procedures and digital technology.**

#### **Summary Needs Assessment:**

- The current state of local funding for the Guam Public Library System (GPLS), a Division of the Department of Chamorro Affairs, has hindered the library's day-to-day operations and services, most importantly the ability to fund other needed programs that are specifically designed for staff development. Evaluating the services we are providing, and keeping all GPLS employees growing in knowledge to provide better services to meet the community's needs is essential. Staff development must be embedded into the library's strategies to empower its employees to cope with the growing information needs of our island community. Continuing education and carefully selected training opportunities enhance employee job satisfaction, morale, and motivation. Staff development will improve efficiency and encourage the learning of new information technologies and methodology. GPLS has a total of twenty-five employees (25) which consist of the following positions: 1 Library Technician Supervisor, 14 Library Technicians, 1 Building Custodian Leader, 3 Building Custodians, 1 Bookmobile Driver, 1 Administrative Aide, 1 Clerk Typist, and 1 Program Coordinator I. The Administrative Support Unit consist of 1 Administrative Officer and 1 Administrative Assistant. The need for current staff training in the field of library operations and procedures is critical. The essential role the Library Technicians perform on a day-to-day basis requires ongoing training. GPLS is challenged to provide different ways to "innovate" and "motivate" staff to enhance operations and customer services, bringing them into the 21<sup>st</sup> century.
- Currently, GPLS is a Sub-Regional Library of Hawaii's Library for the Blind and Physically Handicapped (LBPH), which is, in turn, the Regional Library for the National Library Service for the Blind and Physically Handicapped, Library of Congress (NLS). GPLS has been the Sub-Regional Library for about 30 years and no staff has been adequately trained in this area of need. In order for GPLS to carry out

the responsibilities detailed in the “Sub-lending Agency Service Agreement for Sound Reproducers and Other Reading Equipment” Guam LBPH staff need to be fully trained to ensure that all eligible persons within our designated geographical service area are properly served. It is important that the LBPH staff is knowledgeable about the various policies and procedures as the service is governed by federal law. The Hawaii NLS has recommended that a GPLS staff attend an NLS Orientation in Hawaii before attending any national conferences.

- As a tropical island, Guam encounters many disasters; typhoons have historically caused the most damage throughout the island. The Guam Public Library System (GPLS) does not have tempered glass windows, and maintenance staff is not specifically trained in disaster preparedness. Upon being notified of an approaching typhoon, all maintenance staff is tasked with securing the main library facility in Hagåtña. This 4 story facility houses the main depository of all federal and local documents, a reference section containing local and historical documents and photographs, and an audio collection. Currently, there is an ongoing program for the archiving and digitizing of the historical documents and photographs at the main library, but there is great concern for the security of these collections, which include historical documents and photographs pertaining to Guam’s history. Disaster training will lessen the chance of permanent damage to these materials in the event that our main facility is breached or compromised by a natural disaster. Training and guidance in the area of conservation and preservation measures for all collections from a qualified person or organization is greatly needed to assist GPLS with the securing of our historic materials in their original formats (paper documents, photographs, and audio).
- GPLS has one Program Coordinator I position. The position was filled under the past Five Year LSTA Plan (2008-2012). The Program Coordinator I manages all GPLS programs, including communication and collaboration with other CBOs and attendance at outreach events to display and promote GPLS services, special events and programs.
- The current GPLS 2008-2012 Five-Year Plan and the GPLS Technology Plan will serve as a guide for GPLS personnel to select specific trainings, workshops, or seminars aligned with desired library service improvements. The trainings may focus on services for individuals with special needs, including the elderly; Internet safety; safety officers; facilities safety; and library programming for all ages; grant writing and management; preservation and archiving; office management and administration; library systems technology; and related topics for the improvement of a public library.
- To reduce costs, GPLS plans to provide on-site staff training. Collaborate with CBOs in the field of providing services for individuals with special needs, such as Guam Center for Excellence in Developmental Disabilities Education Research and Service

(CEDDERS), Department of Integrated Services for Individuals with Disabilities (DISID), Department of Vocational Rehabilitation, Guam Early Intervention, Guam Department of Education; Visual Impaired Program (VIP), and other interested organizations in this field.

**Goal:** To enhance daily operations by training GPLS staff in areas supporting innovative operations, procedures, and techniques.

**LSTA Purpose: (#1 & 3A)** expanding services for learning and access to information and educational resources in a variety of formats, for individuals' needs for education, life-long learning, workforce development, and digital literacy skills. **(3A)** Provide training and professional development, including continuing education, to enhance the skills of the current library workforce and leadership, and advance the delivery of library and information services.

**Key Output Targets:** *(measurement of activities, services, or products that contribute to an organization or program goal – a measure of productivity, typically shown in numbers)*

Management team will review and revise existing training opportunities by 2013 in order to provide staff with relevant and up-to-date best practices.

New formal annual training opportunities will be provided for GPLS staff to improve services that better the operations and procedures of GPLS to the public by 2014.

**Key Outcome Targets:** *(how people will benefit from goal – describe intended changes in skills, knowledge, attitudes, behaviors, and status or life condition)*

- GPLS staff will demonstrate the knowledge and skills obtained from trainings, workshops, and conferences and apply these skills to improve public services.
- GPLS staff will be able to provide management with support by procuring adequate equipment, supplies and services, to effectively function efficiently with its office, financial, personnel, grant writing, and grants management, including the support of all divisions within the Guam Public Library System.

**Program:**

- Relevant training opportunities for all GPLS staff will be researched and selected. Contracting trainer(s) for on-site professional development will be explored. Funding will be sought if off island travel is the only means to gain the desired knowledge and skills. GPLS will identify training to keep staff current with the latest 21<sup>st</sup> century operational procedures, programs, services, and procedures through communication with IMLS and public library networks. *Timeframe: 2013-2017*

- The GPLS will support one GPLS staff member to attend the orientation and training at the Hawaii Library for the Blind and Physically Handicapped. GPLS will ensure that the procedures and practices are adopted and other library staff will be trained to ensure appropriate staffs are knowledgeable about LBPH services and aware of NLS guidelines and policies. *Timeframe: 2013-2014*
- The GPLS staff receiving NLS training will develop and implement a Standard Operation Procedures (SOP). *Timeframe: 2013-2015*
- Library supervisory staff will conduct follow up assessment to ensure LBPH service improvements are taking place. *Timeframe: 2013-2017*
- The Program Coordinator I will continue to coordinate and work closely with GPLS personnel tasked with the researching of training opportunities identified by the GPLS Library Technician Supervisor and Project Director. *Timeframe: 2013-2017*
- The Program Coordinator I will monitor, manage, report on, and disseminate information about all current LSTA funded programs to the GPLS Library Technician Supervisor and GPLS Project Director. *Timeframe: 2013-2017*
- GPLS will collaborate with CBOs to identify and participate in training opportunities that will improve the operations and services of GPLS. *Timeframe: 2013-2017*
- GPLS will collaborate with CBOs to develop outreach programs for Guam's special needs populations. *Timeframe: 2013-2017*
- GPLS will provide Bookmobile and children's literacy programs to the community (preschoolers, elementary, middle, and all school aged children). *Timeframe: 2013-2017*

**Need #2: Improve children's literacy programs and services to children under the age of five (5) years.**

**Summary Needs Assessment:**

- Guam has a very diverse population, including citizens from neighboring countries who may not have utilized a library facility. This population includes English language learners and those with limited educational attainment. Guam has a high percentage of individuals and families with low socioeconomic status. These particular groups reflect the limited functional literacy or informational skills that can benefit from GPLS services. Expanded outreach services targeted towards Guam's diverse and underserved populations are necessary. Meeting with community, church, and other groups representing the various target populations is one potential outreach strategy.
- Anticipation of increased patrons from a pending military build-up on Guam will require more efforts in community awareness of the services GPLS is

able to provide for all residents. Funding issues are a major factor in not being able to have more attractive and colorful ads that promote library special events and services in the local media outlets. More creative marketing strategies are needed in order to attract all of the islands' communities to the GPLS.

- The continuation of employment of the current Program Coordinator I is essential for maintaining the research, planning, and development of new literacy programs for children focusing on early childhood development that specifically target children coming from families of different cultural backgrounds, including a reading program for children living in low income housing areas that the Bookmobile visits. The Program Coordinator I also has responsibility for continued collaboration and networking with community-based organizations (CBO) and community leaders, planning and promotion of special library events, and dissemination of program information.

**Goal:** To sustain continued patron services and literacy outreach programs to underserved individuals, diverse families, individuals with disabilities and Guam's elderly population; develop and sustain new literacy programs to target this special population, including those under the age of five (5) years; increase library profile; and the continued improvement of literacy programs.

**LSTA Purpose: (#1)** expanding services for learning and access to information and educational resources in a variety of formats, for individuals' needs for education, life-long learning, workforce development, and digital literacy skills.

**Key Output Targets:** *(measurement of activities, services, or products that contribute to an organization or program goal – a measure of productivity, typically shown in numbers)*

- Increase the dissemination of library services and materials by the community by 10% by September 2013.
- Increase the dissemination of library services through print and electronic resources to the community by 25% by September 2015.
- Increase the dissemination of library services and materials by the community by 50% by September 2017.
- Develop and sustain one new literacy program targeting individuals or families of diverse background or need by September 2014; a total of two new island-wide literacy programs targeting individuals or families of diverse background or need, including those under the age of five (5) years, will be developed and sustained by GPLS.

**Key Outcome Targets:** *(how people will benefit from goal – describe intended changes in skills, knowledge, attitudes, behaviors, and status or life condition)*

- Increase patron usage representing families of diverse background or need.
- Increase patron usage of children under the age of five (5) years.

- Increase the usage of library services and materials by the community by September 2015.
- 35% of patrons surveyed in May 2015 and 50% surveyed in May 2017 will rate the satisfaction level with their GPLS experience as good or excellent.

**Program:**

- GPLS will retain current Program Coordinator I to ensure continuity in sustaining, developing and implementing literacy programs.
- GPLS will collaborate with CBOs to implement community based literacy programs. Possible collaborating CBOs include Guam Childhood Early Intervention, Guam Department of Education; Guam Cedders; Early Childhood Development, University of Guam; Guam Community College; Special Education Department, Guam Department of Education; Parent Information Resource Center (PIRC); Healing Hearts; Child Protective Services, Department of Public Health and Social Services; Guam Fire Department; Guam Police Department; Guam Animals in Need (GAIN) and the Juvenile Division, Superior Court of Guam and PBS Guam.
- The Project Director and key GPLS staff will collaborate with CBOs to establish different marketing ideas and strategies to better promote all services and special events that the Guam Public Library System has to offer its community.
- GPLS will implement a new literacy program for low income housing areas throughout the geographically remote areas on Guam.
- GPLS will collaborate with CBOs to promote literacy in low income housing areas and remote areas on Guam.

**Need#3: The Guam Public Library System will ensure equitable access to information resources and library services for individuals with disabilities.**

**Summary Needs Assessment:**

- The Guam Public Library System (GPLS) has sustained budget cuts and obstacles in acquiring proper funding to provide all who fall in this special group the necessary and essential materials and equipment to improve services and enhance an individual's desire for freedom and independence while visiting their public library.
- The special needs population on Guam has been growing, with a parallel increase in the number of patrons. Through the years, a growing number of visually impaired and blind inquire about and request services.

**Goal:** To increase the number of special needs patrons being served by GPLS.

**LSTA Purpose:** (#4, 5, & 6) Developing public and private partnerships with other agencies and community-based organizations (CBOs); targeting library services to individuals of diverse geographic, cultural, and socioeconomic backgrounds to individuals with disabilities, and to individuals with limited functional literacy or informational skills; and targeting library and information services to persons having difficulty using a library and to underserved urban and rural communities, including children (from birth through age 17) from families with incomes below the poverty line (as defined by the Office of Management and Budget and revised annually in accordance with section 9902(2) of Title 42) applicable to a family of the size involved.

**Key Output Targets:** *(measurement of activities, services, or products that contribute to an organization or program goal – a measure of productivity, typically shown in numbers)*

- GPLS will conduct a thorough resource alignment by 2014 to identify what resources and services are currently available to the special needs population and which ones should be added.
- All staff will be trained on the resources and services that GPLS has to offer to the special needs population as well as ways to best serve them.

**Key Outcome Targets:** *(how people will benefit from goal – describe intended changes in skills, knowledge, attitudes, behaviors, and status or life condition)*

- Special needs population will have more resources available to them.
- Special needs population will be better informed of the available resources.
- 35% of patrons surveyed in May 2015 and 50% surveyed in May 2017 will rate the satisfaction level with their GPLS experience as good or excellent.
- Special needs population to be provided with essential library materials and equipment to access library services by 2014.

**Program:**

- GPLS will collaborate with CBOs.

**Need#4: Enable the Guam Public Library System and Bookmobile to acquire updated technology to ensure that GPLS provides programs and services that promote lifelong learning and support the development of 21<sup>st</sup> century skills.**

**Summary Needs Assessment:**

- Guam's public library is a vital community anchor institution and the resources and access services that the GPLS offers its patrons and visitors help to support literacy and lifelong learning. GPLS needs to invest in

updated information technology to help meet the growing needs of its patrons.

- The upgrading of all GPLS information technology will ensure that the employees of GPLS will have the necessary tools and equipment to better serve its community.
- The Horizon Database System was last upgraded in 2008; investing in the most current software upgrade is necessary as the database is central to the Library's day to day operations. All of the Technicians continuously utilize the Horizon Database System for their assigned duties and tasks, including circulation, reference, patron records, collection management, and collection maintenance.

**Goal:** Guam Public Library System will have upgraded hardware and software to meet the needs of library patrons and staff, and to enhance services to the community.

**LSTA Purpose:** (#1 & 7) Expanding services for learning and access to information and educational resources in a variety of formats, in all types of libraries, for individuals of all ages in order to support such individuals' needs for education, life-long learning, workforce development, and digital literacy skills; (7) developing library services that provide all users access to information through local, State, regional, national, and international collaborations and networks.

**Key Output Targets:** *(measurement of activities, services, or products that contribute to an organization or program goal – a measure of productivity, typically shown in numbers)*

- The Guam Public Library System (GPLS) website and its online catalog will be accessible from any home that has internet connectivity by 2013.
- Public courses in basic computer literacy and use of internet will be designed and provided by 2013-2017.
- By 2013, 75% of all outreach and advertising will occur over the website.
- All GPLS staff will be trained on Horizon Database System upgrades by 2014-2015.

**Key Outcome Targets:** *(how people will benefit from goal – describe intended changes in skills, knowledge, attitudes, behaviors, and status or life condition)*

- The community that partakes in any of the informative computer trainings will have a better understanding and basic knowledge of the new technology.
- The Guam Public Library System employees will be more knowledgeable with the new equipment and software upgrades.
- GPLS staff will be able to better assist patrons with circulation and reference services.
- Patrons will have more interest in using the free internet and computer services GPLS has to offer.

- 35% of patrons surveyed in May 2015 and 50% surveyed in May 2017 will rate the satisfaction level with their GPLS experience as good or excellent.

**Program:**

- The Project Director will coordinate and meet with personnel from the Department of Administration's (DOA) Data Processing Division to request an information technology assessment and recommendations for GPLS technology upgrades.
- GPLS will continue to find ways to upgrade its technology program as part of improving library services to patrons.
- The Horizon Database System will be upgraded with the latest software application.
- GPLS will provide continued training for staff on the use of new equipment, software, and cataloging procedures.
- GPLS will develop a basic computer skills class for the elderly.
- GPLS will collaborate with CBOs and government agencies.
- GPLS will review and revise Internet Use Policies, as necessary.

**Summary of Planning and Implementation Procedures**

The following summarizes the stakeholder involvement, communication, and monitoring procedures, which the Guam Public Library System adopted for the development, finalization and implementation of its Five-Year Plan.

**Stakeholder Involvement Procedures**

A planning team was established to develop the draft Five-Year Plan for the Guam Public Library System. The team consisted of members from GPLS staff and experts to guide in the development of portions of the Plan (i.e., archiving processes, technology support for the Horizon Database System).

The Plan was submitted to the President, Department of Chamorro Affairs, for final approval before submission of the Plan to IMLS.

The GPLS will be involving community stakeholders in the implementation of the Five-Year Plan. GPLS will ensure that the execution of the Five-Year Plan is coordinated with the overall plan and priorities of the GPLS. The GPLS will provide additional opportunities for library patrons to comment on the LSTA Program and its direction.

Review teams will be formed to assist in the assessment and evaluation of LSTA projects at the mid-point and end of the Five-Year Plan.

The GPLS review team will conduct annual visits to monitor each project. Any necessary corrective action will be decided in collaboration with the stakeholders.

**NEW OR REVISED SECTIONS FOR FY 2013**

SAM, p. 5.

**WHAT ARE MY LEGAL RESPONSIBILITIES?**

Please read this document very carefully. Failure to comply with this guidance may result in the withholding of grant funds, the suspension or termination of the grant, and/or the return of grant funds. It also may jeopardize any pending or future applications with IMLS.

In accepting the Library Services and Technology Act (LSTA) grant from the Institute of Museum and Library Services (IMLS), the grantee assumes the legal responsibility of administering the grant in accordance with the LSTA statutory and regulatory requirements. The grantee must maintain documentation which is subject to audit of all actions/expenditures affecting the grant. (See "What Records Must We Keep?," p. 5)

This guidance memo highlights some of the most significant elements that you need to know. Additional information and forms to administer this program can be found in the State Library Program Manual available on our Extranet: <http://stateprograms.imls.gov/>. (username: lsta / password: statepgms55)

**WHAT IS INCLUDED IN MY GRANT AWARD NOTIFICATION?**

The **Grant Award Notification** provides the amount of your allotment, the dates of the grant period, the Catalog of Federal Domestic Assistance (CFDA) number, and the assigned grant award number. Your allotment is calculated by adding the minimum base allotment plus your state's portion based on state population. Data used in the state allotment table are from the Bureau of Census and are the most current published population estimates available the first day of the federal fiscal year. We will send the allotment table with the final payment when Congress passes a budget.

**WHEN CAN WE USE THE FUNDS?**

Once issued, the Grant Award Notification identifies the two-year period within which the Grantee must carry out activities and charge costs to the award. The grant period is aligned with the beginning of the federal fiscal

year. The most recent two-year period for LSTA grants began October 1, 2012, and ends September 30, 2014. **All project activities must be completed and all funds obligated by September 30, 2014. All grant funds must be expended/liquidated and drawn down by December 30, 2014. If the State cannot meet this requirement with respect to deadlines and obligations, please contact your Program Officer for additional guidance.**

### **HOW DO WE REQUEST FUNDS?**

Payments of the LSTA allotment will be made on an advance or reimbursement basis according to the following conditions:

1. To receive grant funds, grantees should email a **PDF copy of the Request for Advance or Reimbursement SF-270 to the Grants Administration Office at [grantsadmin@imls.gov](mailto:grantsadmin@imls.gov)**. **Do not also mail the original nor fax a copy.** If you cannot email the document in PDF format to IMLS, please contact [grantsadmin@imls.gov](mailto:grantsadmin@imls.gov) for instructions. Grantees may request payment whenever grant funds are needed. Requests for advance payment shall be limited to the recipient's immediate cash needs. Federal funds advanced to the recipient should be fully disbursed (example: checks written, signed, and issued to the payees) within 30 days from the date the recipient receives the advance funds from IMLS. Please note section 8 of SF-270 must contain dates that fall within the two-year allotment grant period. For example, in the FY 2013 allotment grant, eligible dates for section 8 would be a specified time frame between October 1, 2012 and September 30, 2014. Payments will normally be made by the Federal Government within ten (10) working days of receipt by IMLS of the grantee's request. If you do not receive your funds within that period, or if you have other questions concerning payment requests submitted, you may contact the IMLS Office of Grants Administration at [grantsadmin@imls.gov](mailto:grantsadmin@imls.gov) or (202) 653-4737. **List only one grant per SF-270 form.** The form is at: <http://www.imls.gov/assets/1/AssetManager/sf270.pdf>
2. **Grantees that are paid in advance are required to report on the status of funds received from IMLS within 30 days after an advance is received using either Section 11 or Section 12 of the Request for Advance or Reimbursement Form (SF-270).** The SF-270 form must be submitted for reporting, even if no additional funds are being requested. The next request for payment will not be approved until the outstanding advance has been fully liquidated by the recipient. Incomplete SF-270 forms may result in delayed payments.
3. Grant payments will be made by direct deposit to your designated bank account through the Department of Treasury payment system. This system is the only way to receive your grant money. Each grantee is allowed only one account in which the Department of Treasury will deposit LSTA State grant funds. **If you change your account information, you must submit a revised Automated Clearinghouse ACH enrollment form SF-3881 to the Grants Administration Office. Email the ACH form in PDF format to [grantsadmin@imls.gov](mailto:grantsadmin@imls.gov). Do not fax your ACH form. If you cannot email the document in PDF format to IMLS, please contact [grantsadmin@imls.gov](mailto:grantsadmin@imls.gov) for instructions.** The form is at: <http://www.imls.gov/assets/1/AssetManager/ACH.doc>
4. The SF-270 must be signed by one of the two persons authorized to sign drawdowns, as indicated on the current Information Update form. If you need to change either or both of these names, submit a revised Information Update form to your Program Officer. The form is at: <http://stateprograms.imls.gov/manual/II.%20D.%201%20-%20Information%20Update.pdf>

5. Regarding the **Cash Management Improvement Act of 1990 (CMIA)**: While IMLS grants and awards generally do not fall under the CMIA requirement, State governments may enter into an agreement with the U.S. Treasury Department to adhere to CMIA regulations and require all its departments to comply.

#### **WHAT CAN WE PURCHASE?**

1. Grant funds may be expended for the items identified as allowable costs in 2 CFR 225 "Cost Principles for State, Local, and Indian Tribal Governments," 2 CFR 220 (for Educational Institutions), and 2 CFR 230 (for Non-Profit Organizations) that are consistent with your award, 20 U.S.C. Subchapter II (Library Services and Technology), 45 CFR Part 1183 (IMLS Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments), and your approved LSTA Five-Year State Plan.
2. Written approval from your Program Officer is required **prior** to the purchase of equipment costing \$5,000 or more per unit. Requests must detail the proposed expenditure and reference the relevant goal in your LSTA Five-Year State Plan.

#### **CAN WE PAY SLAA STAFF WITH GRANT FUNDS?**

State Library Administrative Agency (SLAA) staff may be paid with LSTA funds in proportion to the percentage that they are involved with activities that meet the LSTA priorities included in the State's Five-Year Plan. Documentation is required for those personnel costs charged to LSTA grants as well as state and local personnel costs being used for Match. (See 2 CFR 225 Appendix B.8.h.)

#### **HOW DO WE ACKNOWLEDGE IMLS?**

You and your subgrantees must acknowledge IMLS in all related publications and activities supported with your grant money. An example acknowledgement would read: "This program was funded in part with a grant from the Institute of Museum and Library Services which administers the Library Services and Technology Act." A kit with suggestions and materials to help you and your subgrantees publicize grant activities is available at <http://www.imls.gov/recipients/grantee.aspx>. If you have any questions or need assistance, you may contact staff in the Office of Communications and Government Affairs at 202-653-4757.

Please send any press coverage you or any of your subgrantees may receive about this award to your Program Officer.

A change in any or all of the goals in the State Plan is considered a substantive revision. A change in your program activities does not constitute a substantive revision to your State Plan. The revision cannot be implemented until the grantee receives written approval from IMLS. Implementation of any approved change(s) cannot occur until the beginning of the fiscal year for which the amendment will be effective (e.g., October 1, 2013). Please contact your Program Officer prior to submission of the revision.

**WHAT FORMS ARE REQUIRED FOR SUBGRANTEES?**

If the SLAA awards subgrants, the recipients must comply with all applicable statutes and regulations included in the following certifications and as may be otherwise required by law:

1. Civil Rights - Nondiscrimination
2. Debarment and Suspension
3. Lobbying
4. Internet Safety Certification (if applicable to the grant)

## 5. Trafficking in Persons

Subgrantees must also acknowledge IMLS. (See “How Do We Acknowledge IMLS?,” p. 3)

### **WHAT FINANCIAL MANAGEMENT SYSTEM STANDARDS MUST WE FOLLOW?**

As a grantee, you must must expend and account for grant funds in accordance with your State laws and procedures for expending and accounting for the State’s own funds. The fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to: (i) permit the preparation of IMLS reports, and (ii) permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes. (45 CFR §1183.20(a)).

### **WHAT RECORDS MUST WE KEEP?**

Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income (45 CFR §1183.20(b)(2)). Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc. (45 CFR §1183.20(b)(6)). These requirements apply to all expenditures associated with LSTA Grants to States Program, including projects (96%), administrative costs (4% cap), Match, and Maintenance of Effort. Generally, records must be kept for three years from the date the final expenditure report is submitted, or longer in certain circumstances. See 45 CFR §1183.42 and records retention schedules for LSTA & LSCA materials:

[Records Retention Schedule for Grants to States Documents](#)

### **WHAT OTHER REPORTING IS REQUIRED?**

#### **SAM.gov Registration**

As a grantee, you must maintain the currency of your information in the System for Award Management <http://sam.gov> (formerly CCR). This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or other guidance.

**PLEASE NOTE: Your SAM registration must be active at the time IMLS issues your grant award.**

#### **FFATA Subgrant Reports**

The Federal Funding Accountability and Transparency Act (FFATA) requires that information on federal awards (grants and contracts) be available to the public by a single searchable website, [www.USASpending.gov](http://www.USASpending.gov). FFATA also requires grant award recipients (prime awardees) to report any subgrant greater than or equal to \$25,000.00 by the end of the month following the month in which the subgrant is awarded. Within the State Grant Program, SLAAs are the prime awardees. Subgrant information input into the FFATA Subaward Reporting System (FSRS) is automatically linked to [www.USASpending.gov](http://www.USASpending.gov). For additional information, please consult the [Grants to States FFATA Guidance](#) on the Extranet as well as the FSRS website: [www.fsrs.gov](http://www.fsrs.gov).

SLAAs must complete the attached form, **Subawards and Executive Compensation**, indicating whether or not subgrants will be awarded. Return this form to your Program Officer.

### **Quarterly Grant Accrual Reports**

Grantees must report grant accruals on a quarterly basis to IMLS. Each quarter's accrual must represent the total expenses for active grant awards that a grantee has incurred during the grant period but has not yet submitted to IMLS for reimbursement. Because two Federal FY State Grants typically overlap in the grant periods, quarterly accrual information will cover two separate active grants. Submit this information no later than four business days after the last day of the quarter. See the [Grant Cycle Calendar for State Grants](#) for due dates. At the end of each quarter, please send an email with the grant number(s) and total grant accrual amount(s) for the current award year(s) in the body of the email to [LSTA-QRTAccrual@imls.gov](mailto:LSTA-QRTAccrual@imls.gov). For additional information, please see the document, [Quarterly Grant Accrual Report Guidance](#), on the Extranet.

### **Final Reports and Requirements**

States must submit the following to close out the grant:

1. State Program Report (online)
2. Report Certification (paper copy)
3. Financial Status Report (paper copy)
4. Final request for payment (SF-270)

The State Program Report (SPR) is due no later than December 30, 2014. This web-based online report addresses the requirements of the LSTA and the Government Performance and Results Act (GRPA) and is password-accessible throughout the year over the Internet at <http://spr.imls.gov/>. The SPR contains program and statistical data, but two associated documents, the **Financial Status Report** and the **Report Certification**, must be sent by mail to the state's assigned Program Officer postmarked no later than **December 30, 2014**, in order to complete the Report. These two documents must be signed in blue ink by the Authorized Certifying Official. These documents are posted on the IMLS Extranet at: <http://stateprograms.imls.gov>. (See section II. F. Closing Out the Grant Cycle)
